

# 2010 United States Mint Presidential \$1 Coin Proof Set™ Available February 11

February 4, 2010

WASHINGTON — The United States Mint announced today that it will begin accepting orders for its 2010 Presidential \$1 Coin Proof Set on February 11, 2010, at noon Eastern Time. The set contains four proof versions of the circulating Presidential \$1 Coins scheduled to be released this year, bearing the portraits of Millard Fillmore, Franklin Pierce, James Buchanan and Abraham Lincoln. Each coin has a common reverse design featuring a striking rendition of the Statue of Liberty.

The term “proof” refers to a manufacturing process in which specially treated coin blanks are struck multiple times with specially polished dies to create a brilliant, sharp relief and mirror-like background. A frosted, sculpted foreground gives the proof coin a special “cameo” effect. The “S” mint mark, representing production at the United States Mint at San Francisco, is inscribed on the edge of each coin.

The 2010 United States Mint Presidential \$1 Coin Proof Set is priced at \$15.95 each. Customers may place their orders at the United States Mint’s Web site, <http://www.usmint.gov/catalog>, or at the toll-free number, 1-800-USA-MINT (872-6468). Hearing- and speech-impaired customers with TTY equipment may order at 1-888-321-MINT (6468). A shipping and handling charge of \$4.95 per order will be added to all domestic orders. There is no household order limit for this product.

Customers may also enroll in the United States Mint’s Online Subscription Program to receive automatic shipments of the 2011 United States Mint Presidential \$1 Coin Proof Set and subsequent sets as they are released each year. To learn more about this convenient shopping method, visit <http://www.usmint.gov/catalog>.

Presidential \$1 Coins produced for general circulation will be released throughout 2010. The first coin, honoring Millard Fillmore, will be released February 18.

The United States Mint, created by Congress in 1792, is the Nation’s sole manufacturer of legal tender coinage. Its primary mission is to produce an adequate volume of circulating coinage for the Nation to conduct its trade and commerce. The United States Mint also produces proof, uncirculated and commemorative coins; Congressional Gold Medals; and silver, gold and platinum bullion coins.
